

## **EFL mobility grants (Paris, France)** 7<sup>th</sup> call for applications

### **1. Context of the call**

The aim of the Laboratoire d'excellence "Empirical Foundations of Linguistics : data, methods, models" (Labex EFL) is to promote innovative and interdisciplinary research within Linguistics and its related fields. Specific interest is given to empirical foundations (corpus analysis and experimental methods) of linguistic research.

**For the 7<sup>th</sup> time, the Labex EFL offers mobility grants for a period of 3 months each to PhD students in linguistics and related fields.**

The Labex EFL ([www.labex-epl.com](http://www.labex-epl.com)) is a fourteen-year project, funded by the French government (ANR-10-LABX-0083). It gathers 11 research teams (CRLAO, HTL, INCC, Lacito, Lattice, LIPN, Llacan, LLF, LPP-P3, MII, Sedyl) from 4 universities, members of Sorbonne Paris Cité University, (Université Sorbonne Nouvelle, Université de Paris, Université Paris 13 et Institut National des Langues et Civilisations Orientales INALCO), in a partnership with the French National Center for Scientific Research (CNRS) and the French Research and Development Institute (IRD). It contributes to the IdEx Université de Paris (ANR-18-IDEX-0001).

### **2. Grant description**

Candidates must be PhD students from a University outside France, working in different fields of linguistics, including but not limited to empirical linguistics, typology, field linguistics, computational linguistics, psycholinguistics.

The selected candidates will receive a stipend of **3,500 euros + transport costs**.

The mobility will have to take place **before end of June 2021**.

During their fellowship, they will be hosted by one of the research units of Labex EFL and will attend research seminars at one of the partner universities. A certificate of attendance and validation of these seminars will be provided at the end of the semester.

### **3. Applications**

The application file should include the following documents :

- CV and cover letter

- An official document certifying their enrollment in a PhD programme
- A statement of 4-5 pages explaining their PhD project and its relevance to the research topics of the Labex EFL
- A letter of recommendation from their PhD supervisor
- A letter of invitation from a local EFL project advisor cosigned by the director of the inviting laboratory in France.
- An estimation of transport costs.

#### **4. Deadline and selection process**

**Deadline for applications : January 26th, 2020 (midnight – Paris time)**

Applications should be sent to the project manager Christel Préterre ([christel.preterre@sorbonne-nouvelle.fr](mailto:christel.preterre@sorbonne-nouvelle.fr)), copy to the coordinator of the Labex EFL, Pollet Samvelian ([pollet.samvelian@sorbonne-nouvelle.fr](mailto:pollet.samvelian@sorbonne-nouvelle.fr)) and the training officer, Emmanuel Cartier ([emmanuel.cartier@lipn.univ-paris13.fr](mailto:emmanuel.cartier@lipn.univ-paris13.fr)).

Applications will be examined by the Labex EFL Scientific Council and decisions will be communicated in the course of February 2020.
